A Smaller Armful of Wood

If you have one of the ordinary
fuel-devouring wood heaters you
will be glad to know of the
new principle of the **Down Draft**
that saves one-half the fuel. This
principle is found only in the

WILSON
Hot Blast
HEATER
For Wood

Feed the fire half as often—
half as much at a time—the down
draft prevents waste of heat up
the chimney—forces back all
gases into the fire, where they
are burned.

Because the Wilson is air-tight,
fire can be held for 36 hours—
also perfect combustion is
made possible.
We sell the Wilson Heater
for wood or coal.

CAN'T HELP SHREVEPORT

Interstate Commerce Commission Has
No Jurisdiction Over Texas Com-
mission, Says Cockrell.

(Herald Special.)
Fort Worth, Texas, Nov. 2.—Francis
M. Cockrell, member of the Interstate
Commerce Commission, who is con-
ducting the rate hearing at Fort
Worth, in replying to Commissioner
Colquitt of the Texas commission this
morning, said he was unable to inter-

their recent complaint against the
rates established by the Texas com-

allege that the Texas commission dis-
criminate against them by ordering
lower rates from Gulf ports to Texas

NEGROES WERE MOBBED

Richard & Pringle's Negro Minstrels
Stormed By Mob at Big Springs
Last Night.

(Herald Special.)
Big Springs, Texas, Nov. 2.—The
members of the Richard & Pringle's
minstrel, all negroes, were attacked
by a big mob here after the show last
night and run out of town. The at-
tack resulted from the bitter feeling
here against the negro race resulting
from a race riot two years ago, since
which time a ban has been placed on
the negro coming here. The minstrel
men took refuge in their private car
and were showered with bricks and
other missiles, and were finally re-
scued by a switch engine pulling the
car out of the town.

than this nothing is surmised. A note
